# Congratulations

You've made one of the most important decisions of your life - to get married...  
And now you need to plan for your big day.

The historic and beautiful Morritt, set in fantastic gardens and at the heart of the stunning Teesdale countryside should be your first stop.

You might have a very clear view of what your wedding day should look like, or you may have lots of questions before you decide on the style and feel, date and time of year.

Whether you yearn for a sunny spring wedding or a sumptuous winter ceremony, or anything in between, every wedding whether you have 10 guests or 200 is special.

Whatever your theme, whatever your look, whatever your desires, we're here to help.
